For questions about Medical Transportation, please call Sheri Thompson at 613-732-2601 ext. 117.

Ontario Works can reimburse recipients and their eligible family members for medical transportation and parking expenses. There are two options for medical transportation funding:

- 1) Ontario Works will pay a pre-approved company (a driving service like a bus or taxi), or
- 2) Ontario Works will pay recipients based on mileage. The mileage rate is set by the Province of Ontario and is \$0.40/km.

To qualify for medical transportation funding, appointment attendance verification is required. Please submit parking receipts if reimbursement is required.

This form is to be completed by medical staff to verify attendance.
