Home: Fundamental Principle

(SECTION 1 of Fixing Long-Term Care Act, 2021)

The fundamental principle to be applied in the interpretation of this Act and anything required or permitted under this Act is that a long-term care home is primarily the home of its residents and is to be operated so that it is a place where they may live with dignity and in security, safety and comfort and have their physical, psychological, social, spiritual and cultural needs adequately met.

Welcome

On behalf of the County of Renfrew, Residents, Staff and Volunteers, I welcome you to Miramichi Lodge.

Miramichi Lodge is a municipal, 166 bed long-term care home. It is owned and operated by the County of Renfrew and City of Pembroke and has provided quality care to the elderly since 1969. Miramichi Lodge was awarded 'Accredited with Exemplary Standings' with Accreditation Canada during the last review in 2023.

The most recent data on the profile of residents in Miramichi Lodge identifies the average resident is 81 years old. The resident population presents with a wide range of health challenges requiring nursing care that typically includes considerable assistance with personal care. More specialized care such as intravenous therapy, complex wound care, palliative and dementia care are performed at an expert level in collaboration with the interprofessional care team. Care delivery is predicated on the belief that the personhood of the resident takes precedence over any particular diagnosis.

In January 2005, residents and staff moved to our brand new, state-of-the-art home located at 725 Pembroke Street West. What makes Miramichi Lodge particularly unique is the natural setting along the Ottawa River overlooking the Kiwanis Walkway and beside Riverside Park featuring walkways that link to these areas.

Miramichi Lodge operates under the direction of the Administrator and is subject to the Fixing Long-Term Care Act and Regulations. The Lodge has an annual budget in excess of \$16M and employs over 270 staff. The Home provides 24 hour nursing and personal care, nutritious meals and snacks, activation and recreation, rehabilitation, palliative and pastoral care, housekeeping, laundry and administrative support.

Our Mission is:

With a person-centred approach, Miramichi Lodge is a safe and caring community to live and work

Residents and families are considered an integral part of the care team and therefore are encouraged to become actively involved in the process of care. Your questions and comments are an invaluable source of information toward assuring an informed and comprehensive approach to care delivery. If you have any concerns at any time, please do not hesitate to contact a manager or the Registered Nurse-in-charge.

The move to a long-term care Home can be an overwhelming experience with the significant amount of information to be absorbed. It is our intent that this Handbook will help ease the transition to living in the Lodge. Ongoing information is posted on the Resident/Family Communication Board located in the elevator lobby on the first floor.

On behalf of the Miramichi Lodge Resident and Family Councils, we hope you find this information helpful. I encourage you to contact me per below if there is any additional information you may require.

Sincerely,

Mike Blackmore RN BScN MHS GNC(C)

Mission, Values

Mission Statement:

With a person-centred approach, Miramichi Lodge is a safe and caring community to live and work

Values:

Honesty & Integrity / Professionalism / Client Service Orientation / Focus on Results

Continuous Quality Improvement (CQI) Initiatives

Resident Satisfaction Surveys

Residents or their Substitute Decision Makers (SDM) are requested to participate in an annual Resident Satisfaction Survey to provide feedback on the programs and services projects provided. The results of the surveys are posted on the Resident/Family Communication Board and copied to the Resident and Family Councils. An action plan is then developed by the management team to ensure recommendations or concerns are reviewed and where possible implemented.

Quality Improvement Plan (QIP)

The Miramichi Lodge CQI Plan is developed and posted on the CQI Board, Resident/Family Communication Board and copied to the Resident and Family Councils. The plan outlines the Home's goals for the year to enhance/improve programs and services for residents and staff, consistent with the Strategic initiatives. An interdisciplinary team meet quarterly to review our statistics and make changes as required.

Strategic Plan

The management team, in conjunction with representative stakeholders (Residents, Families, Staff, Volunteers and Board), develops a long range plan (five-year) for the Home to ensure its Mission and Values are implemented. The management team reviews this document and develops an annual plan. Key Initiative for 2025 to 2030 are:

Butterfly Approach Model of Care

Emotion-based models of care such as Butterfly Approach enhance resident well-being by fostering a compassionate environment and addressing emotional needs promoting a higher quality of life.

Employer of Choice

Competition for scarce Health Human Resources (HHR) demands an innovative and attentive approach to recruitment and retention.

Clinical Best Practice Leader

The increased complexity and acuity of resident care needs are best supported by evidence based best practice programs.

Safe, Appealing & Technologically Innovative Home Environment

A Home that is a welcoming, modern, safe space for residents, family & staff enhances resident quality of life.

Campus of Care

A continuum of care services for seniors promotes independence and a sense of community while ensuring access to comprehensive care as needs change.

Accommodation

Miramichi Lodge is comprised of six, Resident Home Areas (RHA's). Assignment to an RHA is based on the assessed care needs of each resident. The rooms are large enough to accommodate additional furnishings, however, it is important when considering what to bring into the Home, to allow for the residents to safely transfer and easily move about the room and ensure adequate space for staff to provide care for residents, including required equipment.

Each RHA is a small unit of 27-28 residents and features:

- Centrally located dining room
- Spacious lounge area
- Large activity room
- Spa containing a therapeutic tub, shower and ensuite washroom
- Sunroom with a fabulous view of the Ottawa River, Riverside Park and the community
- Access to outdoor terrace
- Tastefully appointed resident rooms with large windows

Residents may choose a private or basic (shared) room. A private room at Miramichi Lodge is 180 square feet of private sleeping and sitting area, as compared to the Ministry of Long-Term Care (MLTC) minimum requirement of 130 square feet. The private room has a private ensuite washroom and generous space, which allows for the resident to bring in additional furniture, as approved by the Home (refer to "Electrical Appliances" and "Furniture").

A basic room, accommodating two residents, measures 150 square feet per resident as compared to the MLTC minimum requirement of 115 square feet. Privacy is provided by a wall or, in some cases, a privacy curtain, separating the two sleeping areas. Both sides of the basic room have a large window. The basic room includes an ensuite washroom, shared between the two residents.

Accommodation rates are established by the MLTC and are subject to change annually.

Residents are obligated to pay the accommodation charge, including during approved leave of absences from the home (e.g. during a medical, psychiatric, vacation and casual absences).

Current rates are also posted on the Resident/Family Communication Board or you may contact the Home at ext. 115.

In order to apply for a reduction in the charge for basic accommodation, contact the Administrative Assistant-Finance at ext. 115.

2. Respect the rights and privacy of other residents as well as other persons, including staff, in the Home and shall treat them with dignity.

3. Abide by the decision of, and cooperate with, the Administrator of the Home in moving to a different room in the Home as determined by the Administrator and/or Medical Director. This includes, but without limitation, when the resident's health care requirements change or the resident's behaviour dictate that a move is both necessary and in the best interests of the resident and others in the Home.
4. Be responsible for making their own arrangements for the purchase of any goods or services from third-party suppliers, which includes but is not limited to, hairstyling and haircutting charges, uninsured drug supply, transportation costs, dry cleaning, newspapers, gift and tuck shop purchases, prescription drug dispensing fee, and sitter/private duty nursing. 5. Be responsible for physician's fees, medications or other treatments or aids, including specialized wheelchairs or other equipment ordered by a physician or health care professional for the resident, unless otherwise provided or not covered by the Ontario Drug Benefit Plan, Assistive Devices Programs, OHIP or Veterans Affairs Canada or any other coverage or insurance.
6. The Applicant/Representative acknowledges that it has been explained and that he or she understands that the Applicant/Representative agrees to release and indemnify the Home, its agents and employees from all claims and liability resulting from:
 - (a) the loss of money, unless specifically deposited in trust and the loss or damage of personal effects. Personal effects would include but are not limited to such items as glasses, hearing aids or dentures;
 - (b) the loss or destruction of clothing, unless the loss or destruction occurred as a result of negligence on the part of the Home;
 - (c) any responsibility related to his/her welfare and care requirements when off the premises of the Home, except when such absence includes a staff escort.

5. Ensure all electrical devices are CSA or UL approved and in good repair. Maintenance Department will inspect all electrical items. Extension cords are not permitted. TV cables must be installed and maintained by the Maintenance Department. Heating devices are not allowed in resident rooms which includes microwave ovens. For health and safety reasons, new admissions will not be permitted to have a refrigerator in their room. Residents that currently have a refrigerator are grand fathered.
6. Repairs for personal equipment such as wheelchairs or glasses will be provided by external sources. The Resident/Representative may elect to make alternate arrangements for the repair work. If requested, the staff will make arrangement with local suppliers.
7. Miramichi Lodge has a minimal scent policy to reduce environmental sensitivities for residents, staff and visitors.
8. Adhere to the Power Mobile Device Policy ensuring appropriate use of any power mobility device.
9. Adhere to the Ergonomic Design Policy to reduce the risk factors for caregivers and residents in allowing free movement of the caregiver, resident, lifting devices, walkers, and wheelchairs in the resident room and washroom.
10. Permit a safety inspection on admission and after an outing of resident's property for removal of any belongings that may be seen as a danger to themselves or others.
11. Facility fire retardant drapes and curtains must remain in place and windows must remain accessible.
12. Due to tripping hazards mats/rugs are not permitted.
13. There is a standard set-up for the resident's room to ensure the health and safety of the residents, visitors and staff. The headboard of the bed is to remain placed on the accent wall of the room, with the bed accessible by three sides. If a television is to be wall mounted (maximum 40" with approval of Maintenance Staff) it must be placed on the same wall as the cable connection. The room must not be over-crowded with furniture, boxes, appliances, etc.

We appreciate your assistance in keeping our home environment safe and if you notice or feel that something is unsafe, please advise a staff member accordingly.

Butterfly Model of Care

Miramichi Lodge prides itself in exceptional dementia care for residents who suffer from cognitive impairment. In pursuit of a care delivery model that embraces the personhood of each resident, Miramichi Lodge has adopted the Butterfly Model of Care. Developed by Meaningful Care Matters™, the model focuses on the delivery of emotion-based care supported in an environment that is both stimulating and as home-like as possible. Staff receive enhanced training to work on Resident Home Area 1A, also known as our Butterfly Homestead. Miramichi Lodge achieved Butterfly Home certification as one of only four Homes in Canada awarded "Outstanding" status in 2024.

Cafe M

The Home's onsite coffee shop offers a convenient location for residents and their visitors to enjoy a snack. The funds generated from Cafe M go back into programs and services at the Home and is open most days, subject to volunteer availability. If the resident is not able to push the button, a high sensitivity pad style call bell will be provided. The call bell can be attached to the resident and, if pulled, the call bell will unplug from the wall and become activated. Weight-censored, fall prevention call systems may be purchased by the resident/representative.

A team conference shall be held with the resident, if they are able and wish to attend and/or their representative, within 6 weeks of admission to review and further develop the initial written plan of care.

Thereafter, all residents will have an annual multidisciplinary Resident Care Conference. A letter will be sent to the resident/substitute decision maker and physician to inform them of the date, time and location of the

Resident Care Conference. Conferences may be held more often as identified by the resident, their family or staff. The resident/substitute decision maker may invite other family members to attend the conference.

Following a resident's death, because the Ministry of Long-Term Care requires that the Home must have the room ready for admission within 24 hours, resident belongings must be removed from the room no later than the following day. The resident's family is encouraged to pack up the resident's belongings and personal furniture. If the family is unable to attend within 24 hours or does not wish to pack the belongings, our housekeeping staff will do that task. The Lodge can store items for up to 10 days. Offers to donate furniture, clothing etc. are appreciated, however often must be declined due to limited storage space.

Staff will advise residents and visitors whether or not the fire announcement is a fire drill, and will provide instructions on what to do. During a fire alarm, elevators and telephones must not be used.

Food and Nutrition Services (Ext. 134)

The Dietitian completes a nutritional assessment within 14 days of a resident's admission in order to identify individual needs, likes, dislikes and therapeutic requirements. Special diets ordered by physicians are provided. The Food Services Supervisor and/or Dietitian monitors residents' nutritional health and well-being and provide consultations as required. Menus change semi-annually (spring/summer and fall/winter) and follow a four-week menu cycle. Dining Rooms are located in each resident living area for easy access and convenience.

Meal Times: Breakfast-8:30 a.m./Lunch-12:00 p.m./Dinner-5:00 p.m.

Staff endeavours to implement a rotation of serving meals that is fair to everyone, but we ask your understanding that there may be exceptions related to medical needs.

In-between Meal Nourishments: Approximately 10:00 a.m./2:00 p.m./7:30 p.m.

The Ministry of Long-Term Care funds Miramichi Lodge to provide three nutritious meals and snacks each day. The Ministry mandates that this funding can only be used for our residents. Therefore, we are unable to serve the guests of our residents, food, snacks or beverages. We ask your understanding and co-operation in not asking our staff to contravene this requirement and/or consuming resident food. (Guests may join the resident for meals in the Resident Home Area (RHA) dining room as space permits. If a visitor wishes to enjoy a meal

with a resident, they are welcome to purchase a meal ticket from reception Monday - Friday between the hours of 8am-4pm, or from the vending machine outside these hours. Food, beverages and candy brought into the Home should be marked with the resident's name, stored in sealed containers and reported to the nursing staff. There is a refrigerator available on each home area for this purpose. Individual refrigerators are not permitted in resident rooms.

Foot Care Nurse

Basic foot care is provided by the Homes nursing staff. If a resident requires advanced foot care, an external Advanced Foot Care Service can be accessed for a fee, by contacting the RN/RPN on the RHA. The Home also provides space to this practitioner for private community clients.

Foundation

The Miramichi Lodge Foundation volunteer Boards' mission is to enhance the wellbeing and quality of life of the residents of Miramichi Lodge, consistent with the mission of the Lodge, by encouraging and securing, from members of the community, businesses, senior government agencies and others, support in the form of financial gifts, services in kind, grants and other types of support as may be available from time to time. There are a number of options to support this mission, such as In memoriam donations. In memoriam cards are available at the Home and all local funeral homes. A tax receipt will be issued for all donations made in memory of a loved one. Another method is through 'Planned Giving'. Donations can be set in place through bequests, wills or life insurance enabling residents, friends or family members to fulfill their philanthropic goal of supporting Miramichi Lodge. For more information or to set up a planned giving opportunity, contact the Administrative Assistant-Finance at ext. 115 or email bmellish@countyofrenfrew.on.ca.

Funeral Home

Following a resident's death, the procedure in place calls for the family to contact the funeral home, but typically the RN will offer to call the funeral home on the family's behalf.

Furniture

Resident's rooms are furnished, however residents may substitute their own items for the dresser or the chair. These items must not exceed the dimensions of the furniture they replace. All windows have privacy blinds, and curtains. The resident bed must be used and accessible by three sides for safety reasons. Placement of furniture must be in accordance with the Home policy for the health and safety of both residents and staff. Refrigerators are no longer permitted in resident rooms.

Income Tax Receipts

A Statement of Accommodation is prepared annually for each resident at the end of February. Miramichi Lodge residents are not eligible for a property tax credit, as Miramichi Lodge does not pay full municipal and school taxes or a full grant instead of taxes.

Infection Prevention and Control

In order to stop the spread of infection, residents who are ill with respiratory symptoms such as a runny nose, fever, cough, chills, or with gastrointestinal symptoms such as vomiting or diarrhea, will be placed on isolation precautions until a diagnosis is confirmed or symptoms pass. Residents will be required to stay in their room for several days, and anyone providing care will be required to wear a gown, gloves and possibly a mask. Family can still visit, but they may have to gown and glove; the nursing staff will have specific directions from the Infection Control Practitioner and will advise the resident at the time. We realize this can be lonesome and hard, however it is a requirement in the Fixing Long-Term Care Act, 2021 and the Provincial Guidelines. The best thing that residents and family members can do to help protect each other and prevent the spread of infection to others is to wash your hands. Please use the alcohol based hand rub outside Resident's room

doors, inside the rooms and available throughout the building. Staff are required to wash their hands before and after any direct resident care.

If there are a number of residents on the same home area with similar symptoms as defined by the Ministry, it is called an 'outbreak' which means residents will be required to stay on the resident home area at all times until the outbreak is declared over by our Public Health. This means not going to activities, or other areas of the building. An outbreak typically lasts a minimum of eight days, but can be weeks, depending on if there are new cases. To help keep outbreaks to a minimum, everyone is encouraged to wash their hands.

Inspections

The Fixing Long-Term Care Act, 2021 (FLTCA) was proclaimed into force to regulate Ontario's long-term care home sector. The Act requires all homes to have current programs related to:

- Falls Prevention and Management
- Skin and Wound Care
- Responsive Behaviours
- Continence Care and Bowel Management
- Pain Management
- Palliative Care
- Suicide Prevention

These important programs play a role in the care provided to each resident of the Home and an interdisciplinary team provides input to the programs based on best practice. Programs are reviewed annually and as needed. Several times a year, the Ministry of Long-Term Care has inspectors visit every long-term care Home across Ontario to when programs, processes, and services are reviewed.

Internet Service

Free wireless internet is available for residents and guests.

Intimacy

The expression of intimacy, touch, warmth and sexual expression are acknowledged as a natural component of adult life. Miramichi Lodge supports the right for each resident to express their need for intimacy in a supportive and non-judgemental environment.

Labelling of Clothing

The Laundry Department labels all resident clothing brought into the Lodge free of charge. A label with the resident's name is applied inside articles of clothing. All items should be labelled prior to a resident wearing, to ensure they do not get misplaced and items to be labelled can be left with the nurses in the RHA or at reception.

Laboratory Services

A Laboratory Service, LifeLabs, comes into the Home once a week to draw blood from residents whose physicians have ordered blood work or lab tests and/or transport specimens.

Language Services

Miramichi Lodge is not designated nor identified to provide French Language Services. However, in an effort to address the needs of French-speaking or any other non-English language persons, we will endeavour to provide information regarding our programs and services in other languages.

For printed materials please inform the receptionist.

For electronic information – please note our website provides a link to language translation services provided by Google Translate TM as a free service to all visitors of the County of Renfrew website.

Laundry (Ext. 136)

Miramichi Lodge provides laundry service for personal laundry and institutional linens. If a resident/family member chooses to do the residents' own personal laundry, there are residential washing machines and dryers situated on each floor; the key can be obtained from staff. Please note that, when the laundry room is not being used, the door must be locked to protect the safety of all residents.

All residents' clothing is labelled by staff (see Labelling of Clothing). As well, seamstress and/or dry cleaning services are available on a fee-for-service basis.

Leave of Absence (Ministry of Long-Term Care Policy)

Current Provincial funding regulations allow each resident to be absent from the Home for the following periods of time:

- Casual Leave - 2 days per week with Sunday being the first day of the week
- Vacation Leave - 21 days per year
- Medical Leave - 30 consecutive days per occurrence
- Psychiatric Leave - 60 consecutive days per occurrence

The total daily charge to the Resident/Power of Attorney-Property during a leave of absence will be the accommodation rate.

Liability/Management of Resident's Property

Large sums of money or valuables should never be left in a resident's room. Residents are advised to keep sentimental items locked in the Memory Box located at their door. A key is available from the Registered Nurse. The Resident/Substitute Decision Maker agrees to release and indemnify the Lodge, its agents and employees from all claims and liability resulting from:

The loss of money, unless specifically deposited in trust funds by the Lodge.

The loss or damage of personal effects. Personal effects would include but are not limited to such items as glasses, hearing aids or dentures.

The loss or destruction of clothing.

Any responsibility related to his/her welfare and care requirements when off the premises of Miramichi Lodge, except when such absence includes a staff escort.

NOTE: Do not leave valuables or money in bedside table; locks are provided to discourage wandering residents only. Staff have keys to residents' bedside tables.

Miramichi Lodge is not responsible for residents lost or damaged personal items. If it is confirmed by the Home that a resident item is damaged due to our negligence, the Home will replace the item at cost. Residents/families may arrange for personal insurance, if they wish.

Literacy Program

The Learning for Life Literacy Program helps residents improve and maintain literacy skills. It is based on an educational curriculum model, facilitated by an external qualified instructor and funded by the Foundation. We are currently seeking volunteers to supplement the Program. For more information, call ext. 218.

A lost and found rack is located in the Laundry area. Please inquire with reception.

Mail Service (Ext. 111)

Any mail that arrives at the Lodge will be delivered to residents directly.

Postage may be purchased and letters may be mailed at Reception. There is also a Canada Post mailbox at the main entrance. Incoming mail is forwarded to the resident's room.

The mailing address is:

Name of Resident
Room Number - Miramichi Lodge
725 Pembroke Street West
Pembroke, ON K8A 8S6

Following a resident's death, any mail that arrives is kept for the family to pick up. The family is encouraged to make sure mail is redirected to an alternate address as soon as possible.

Mandatory and Critical Incident Reporting

The Home is required to advise the Ministry of Long-Term Care when there is an occurrence which poses a potential or actual risk to the safety, security, welfare and/or health of a resident or to the safety and security of the Home. Please be advised of the following from the Fixing Long-Term Care Act (Director refers to the Ministry of Long-Term Care):

Obligation to report to the Director in certain cases

28 (1) A person who has reasonable grounds to suspect that any of the following has occurred or may occur shall immediately report the suspicion and the information upon which it is based to the Director:

1. Improper or incompetent treatment or care of a resident that resulted in harm or a risk of harm to the resident.
2. Abuse of a resident by anyone or neglect of a resident by the licensee or staff that resulted in harm or a risk of harm to the resident.
3. Unlawful conduct that resulted in harm or a risk of harm to a resident.
4. Misuse or misappropriation of a resident's money.
5. Misuse or misappropriation of funding provided to a licensee under this Act, the *Local Health System Integration Act, 2006* or the *Connecting Care Act, 2019*.

Note: On a day to be named by proclamation of the Lieutenant Governor, paragraph 5 of subsection 28 (1) of the Act is amended by striking out "the *Local Health System Integration Act, 2006*". (See: 2021, c. 39, Sched. 1, s. 203 (4))

2021, c. 39, Sched. 1, s. 28 (1)

False information

(2) Every person is guilty of an offence who includes in a report to the Director under subsection (1) information the person knows to be false. 2007, c. 8, s. 24 (2).

Exceptions for residents

(3) A resident may make a report under subsection (1), but is not required to, and subsection (2) does not apply to residents who are incapable. 2007, c. 8, s. 24 (3).

Miramichi Lodge has a duty to report the above to the Ministry of Long-Term Care; however a resident or other persons may do so also.

Medical Assistance in Dying (MAID)

Medical Assistance in Dying (MAID) is legal in Canada. A long-term care home is considered 'the home' of the resident. Physicians and nurse practitioners are not obligated to provide MAID – known as conscientious objection. Each resident has an attending physician as his/her resident's primary healthcare practitioner who

is required to provide an effective referral for MAID to a requesting resident. Miramichi Lodge has a policy on MAID that includes:

Referring the resident to the external Care Coordination Service to assess for eligibility for MAID. Subject to the eligibility criteria having been fulfilled

Coordinating a transfer to another location (i.e. family member's home in the community) to exercise MAID; or

Coordinating the provision of MAID onsite, to be carried out by external health care providers

We believe this policy strikes an appropriate balance between the rights of eligible residents who seek MAID and physicians' right to conscientiously object to carrying out MAID. If you have any questions, please speak with your attending physician.

Medical Director, Attending Physicians, Primary Care Providers

Miramichi Lodge's Medical Director monitors all medical care in Miramichi Lodge and deals with major medical issues. A resident is able to remain under the care of his/her own attending physician when admitted to the home, provided the physician signs an agreement stating he/she will arrange for 24 hour medical coverage for the patient. Primary care providers, including full-time nurse practitioner are accountable to the Medical Director for meeting the home's policies and standards of medical care.

Primary care providers will assess, plan, implement and evaluate their residents' medical care and participate in the interdisciplinary approach to care according to the Home and Ministry of Long-Term Care policies.

Medications

Prescribed medications are dispensed by a Registered Practical Nurse (RPN) and/or a Registered Nurse (RN). Residents capable of safe self administration of medication may do so with periodic inspection by the nursing staff for compliance. All natural health products and over the counter drugs must be approved and ordered by the physician and must be supplied by the Home's contracted pharmacy.

On admission, Miramichi Lodge will obtain a supply of medications and a best possible medication history (BPMH) as ordered by the resident's physician. The registered staff maintains a record of the medications the resident requires and receives. All reordering of drugs and ordering of new medications will be taken care of by the nurses in consultation with the resident's physician or the Medical Director.

All residents' medication profiles are reviewed upon admission and then, at a minimum, quarterly per year thereafter by the attending physician, in conjunction with a Registered Nurse. Residents of Miramichi Lodge will be invoiced individually by the pharmacy. All residents at Miramichi Lodge qualify for co-payment, as directed by the Ministry of Long-Term Care guidelines.

Memorial Service

Miramichi Lodge hosts a memorial service twice a year to honour the memory of deceased residents. Families are invited by mail to attend this service.

An interdisciplinary approach to care is practiced in the Lodge, which includes the involvement of the resident and family whenever possible.

Miramichi Lodge employs a Nurse Practitioner (NP) full time. NPs are registered nurses (RNs) with an expanded scope of practice, working in collaboration with the physicians to provide timely assessment and medical treatment. The NP has to prioritize the residents she is able to see based on referrals received and the residents' needs. If you would like to speak with the NP, call ext. 310.

Miramichi Lodge employs a Social Worker (SW) full time. Social Work support is available for residents and loved ones from admission until post-death. Palliative Care

The Home provides onsite Palliative Care. Miramichi Lodge staff and volunteers are committed to provide specialized care to the terminally ill residents of the Home including physical, emotional and spiritual support for the residents and their families. Registered nursing staff will collaborate with residents and family as a resource to ensure the appropriate and timely transition to palliative care as circumstances warrant. End of life care is to be achieved in a manner that promotes resident dignity and comfort. Registered nursing staff, including the nurse practitioner and social worker, are readily available to discuss questions or concerns you may have regarding both palliative and end of life care. The pamphlet "Gone From My Sight" detailing what one can expect to witness near end of life is available to family at request.

Miramichi Lodge has a Palliative Care Committee that meets quarterly to evaluate existing palliative care practices, enhance and implement new strategies, and educate staff on best practices for implementing palliative and end of life care.

Parking

Free visitor parking is available in the east lot. The six parking spaces closest to the main entrance are reserved for handicapped parking. No parking is permitted in the area immediately outside the main entrance in order to maintain a clear route for emergency vehicles. Arrangements can be made for resident parking; please contact the Administration Clerk at ext. 111.

Personal Hygiene Products

Drawers in each resident washroom are provided for the storage of hygiene and grooming products. All personal care products must be labeled with Resident names. Miramichi Lodge will supply personal use hygiene products, however residents who prefer using a particular brand of product are welcome to purchase specific product brands at their own expense.

Pet Therapy Program

Miramichi Lodge has a visiting pet therapy program – a number of volunteers bring their pets in to visit with residents on an ongoing basis.

Guidelines for informal pet visits are:

- Pet owners must submit proof of applicable vaccinations being up to date: immunization against rabies and DHL (Distemper/Hepatitis/Leptosporosis) at minimum, current picture to the Client Programs Supervisor/designate. The Client Programs Supervisor/designate will meet the pet and confirm if the pet is of suitable temperament for resident visits. If the pet passes the screening, a “Pet PAWSport” will be given to the owner and may be asked to present on entrance.
- The pet is required to be on a leash at all times.
- The pet’s owner is responsible for “poop and scoop” functions
- While in the resident’s areas, the pet and owner are always under the supervision of staff on that Home area.
- If an incident occurs, such as biting, scratching, or aggressive behaviour, it must be reported to the Registered Nurse on the Home area immediately.

Pharmacy Services

The Home uses the services of a contract Pharmacist who is on-site a minimum of once a month to meet with residents/families and staff. To book an appointment, contact the RN/RPN on the RHA.

Photographs

A Miramichi Lodge staff member takes each new resident’s picture on the day of admission and at least annually thereafter. This allows staff to get to know the resident sooner and it’s a safety measure for medication administration and evacuation in emergency situations. Upon admission the resident/substitute decision maker will be asked to sign an authorization permitting photos of the resident to be taken for such things as newspapers, the website, newsletters, social media or to be posted in various locations in the Home (i.e., memory collages).

Physiotherapy

The Home has a full-time Physiotherapist and Physiotherapy Assistants on staff. Physiotherapy services are directed towards improving and maintaining functional independence, preventing and managing physical impairments and promoting health and wellness. Once assessed by the Physiotherapist, Physiotherapy Assistants provide residents with individualized or group exercises based on their care needs. For more information, call ext. 218.

Power of Attorney

The resident/designate is asked to identify the person who Miramichi Lodge should notify in case of an emergency. The resident or his/her next-of-kin will also be asked if the resident has given anyone Power of Attorney. Having a Power of Attorney for Property allows the designated person to act on the resident's behalf in a situation when the resident could not act for his/herself in relation to property and finances. Power of Attorney for Property can handle the resident's finances and can sign in relation to his/her assets. A Power of Attorney for Personal Care can make personal care decisions if the resident is unable regarding, for example, treatments or medical procedures. Powers of Attorney can be designated by a lawyer or by an authorized person. Miramichi Lodge must be notified of any changes in these agreements. Miramichi Lodge must be able to contact a Power of Attorney for Personal Care at any time; he/she is requested to advise the Administration Office of how he/she may be contacted during vacation travel.

Workplace Violence Prevention Program

There is a strong connection between the care of residents and worker safety. Our goal is to enhance both. We strive to provide a safe environment for all our residents, staff and visitors. For the protection of everyone, we have a violence prevention program that does not permit any kind of violent behaviour. While we acknowledge that medical conditions or cognitive illness may cause a resident to be violent, by law we are required to communicate to staff the necessary information and preventive measures regarding residents who present a history and/or risk of violent, aggressive or responsive behaviour in the workplace. The process includes assessment:

- admission and quarterly thereafter for all residents exhibiting violent or threatening behavior
- As required i.e., significant change in condition/incident
- Communication
- resident/substitute decision maker is informed if resident scores high/very high risk and provided with a brochure with further information
- care plan communicates resident triggers and/or predisposing factors to direct care members and offers appropriate actions that can be utilized to mitigate risk while providing resident care
- non-direct care staff are informed of triggers and interventions
- The program is evaluated regularly and adjusted as required.
- If anyone becomes aggressive or violent, they may be asked to leave - our goal is to provide the best possible care by keeping our residents, staff and visitors safe.

WiFi
